

INTERACTIVE MAP: TEF AWARD LOCATIONS

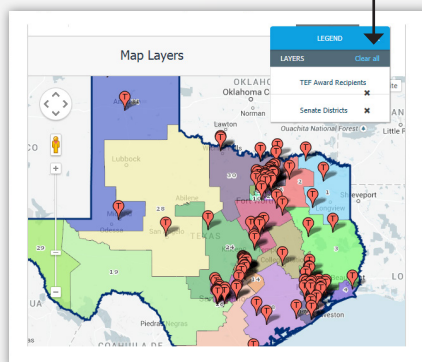

The Texas Enterprise Fund (TEF) is the largest “deal-closing” fund of its kind in the nation. The fund is a cash grant used as a financial incentive tool for projects that offer significant projected job creation and capital investment where a single Texas site is competing with another viable out-of-state option. Since its inception in 2004, the TEF has awarded over 100 grants totaling more than \$500 million across a wide variety of industries and projects.

Easily find TEF Award recipients and locations using the interactive mapping tool available in the Incentives and Financing section of our website.
