

### Equipped to Meet Your Needs

As one of the largest and most progressive distribution cooperatives in Texas, the Guadalupe Valley Electric Cooperative (GVEC) delivers reliable electricity to over 85,000 consumers and state-of-the-art Fiber internet technology to nearly 13,000 customers daily. Centrally located between Austin, San Antonio and Houston, commercial and industrial businesses make up over a quarter of GVEC's total electric load. With experience in a diverse mix of industries, including a strong manufacturing base, GVEC is fully equipped to meet the serious needs of your company. Our South Central Texas region offers prime commercial real estate, an available workforce and resources to help you join the host of industry leaders who call the Guadalupe Valley home. Let's connect!
