

GVEC Economic Development

GVEC Service Area

**Progressive.
Responsive.
Reliable.**

The Guadalupe Valley Electric Cooperative (GVEC) provides affordable, reliable electric service to more than 71,000 rural, residential, commercial and industrial meters in South Central Texas. With headquarters in Gonzales and four area offices in the cities of Schertz, Seguin, La Vernia and Cuero, the GVEC service area spans 3,500 square miles across 13 counties.

Through technological advancements, well-maintained systems and progressive planning, our goal is to continue to exceed our members' expectations—a goal we've focused on for 75 years.

They call us home.

- Caterpillar, Inc.
- CMC Steel Texas
- Kitchen Pride Mushroom Farms
- Cal-Maine Foods, Inc.
- Marathon Oil

FACTS

- GVEC maintains an "A+" long-term rating from Standard & Poor's, and a "AA-" long-term rating from Fitch Ratings.
- GVEC serves one of the largest clusters of commercial- and industrial-based customers in the region.
- GVEC owns two for-profit subsidiaries: GVEC Home® provides the service area with appliance sales and service, including central cooling and heating systems, from three retail locations; GVEC.net® is a high-speed wireless Internet provider.
- Focused on the future, GVEC is a community partner and resource for renewable energy, including solar alternatives.
